Dear Sirs,

This will refer to the Office Action dated June 7, 2005
enclosed with your letter of July 13, 2005.

Claims objections (page 2 of the O.A.)

Claim 2

We propose to amend the claim as it follows, that should
conform to the Examiner's request:

"Compositions according to claim 1, wherein the ratio by
weight compounds of formula (I):HFC 365mfc ranges from
0.005:1 to 0.1:1."

Claim 3

The Examiner has objected claim 3 together with claim 2 for
informalities but he cited only the informalities relevant to
claim 2.

As a matter of facts we think that the Applicant in claim
3 has used the appropriate recitation. Claim 3 in fact recites
the parts by weight of the compounds of formula (I) and of HFC
365mfc referred to 100 parts by weight of polyol.

It could be, therefore, that claim 3 was inadvertently cited
